

ADULT NIGHT CLASSES

Fact Sheet

Design & Build Your Own Website

This course is designed for people who would like to make their own web site. This is done by creating a web site consisting of linked web pages.

Dreamweaver is an application used for quick and easy web page creation. It allows you to build web pages through the simple use of buttons and menu commands.

This course assumes a basic familiarity with computers. It is assumed that you will have a basic knowledge of the Internet and how it works. Most people in the course will not have used Dreamweaver so we will start from the basics and learn about features at an easy pace. This course is designed for personal enjoyment of a new publishing and communication medium.
